

## **FPP Webinars Sponsorship Opportunities**

The Florida Prosperity Partnership, a 501(c)3 organization often referred to as FPP, exists to promote financial stability and economic prosperity for all Floridians. The Mission of FPP is providing pathways to economic security through a statewide coalition of organizations. The Vision of FPP is to achieve economic security for all Floridians. Help us to fulfill this vision by sponsoring one or more of our Webinars.

FPP averages over 60 registrants per webinar. The announcements are sent out to over 1,400 people each time. Webinar participants include leaders from nonprofits, communities, financial institutions, philanthropic, academics, and government; as well as those working directly with our hard working families in Florida, day-to-day.
